

## Providing Power{ful} Solutions

For all your back-up power needs

### Why Minuteman?

Minuteman Power Technologies has supplied reliable, and value-priced power protection products for the commercial and consumer markets since 1982. Minuteman's comprehensive line of power protection and management products includes: Single Phase UPS's from 350VA to 20kVA, Surge suppression, Power Distribution Units, Smart-PDU's (Remote Power Management Solutions), UPS monitoring & management software.

### Comprehensive Solutions

Minuteman's sales team and engineers can help users design the right back-up and power solution based on application needs. Minuteman provides solutions to a variety of industries, including:

- DataCom
- IT/Networking
- Security
- IT/Networking
- State, Local & Education
- Federal & Higher Education
- Small/Medium Data Centers
- Distributed Antenna Systems (DAS)

### Responsive Customer Care

Our Texas-based sales & technical support team prides itself in providing the best support in the industry.

- UPS Sizing & Selection tool available to ensure the proper solution for your specific application.
- Friendly technical support staff with in-depth product knowledge across various industries and applications

### Guaranteed Reliability

All Minuteman products are backed with a generous standard warranty and protection plan, in addition to optional extended warranty coverage.

- 3-year standard warranty covering all parts and labor, and non-prorated coverage of batteries
- 5-year standard warranty, with select Online UPS products, covering all parts and labor, and non-prorated coverage of batteries
- 5-year extended warranty plans available including Premiere plans which include automatic battery replacement after 4 years

Minuteman's Platinum Protection Plan<sup>®</sup> insures properly connected equipment against damage up to \$200,000 (U.S. 48 & Canada only).

# Complete Protection & Management Solutions from Minuteman

## Small peripherals, PCs, phone, and network equipment

### MMS Series Surge Suppressors

Protection from surges & spikes for non-critical peripherals & other components. The most cost-effective protection option Minuteman offers.

model	format	outlets

## RPM - Cut Costs & Save Time

- 2, 8, and 16-port remote power management modules
- Manage remote devices from PCs, laptops, smartphones, tablets
- Eliminate service calls by remotely rebooting locked equipment
- Schedule power on/off to save energy
- Ping function allows continuous monitoring of devices
- Receive notification of power events and lockups via email, SMS text message
- Secure access from anywhere in the world
- Easy-to-use interface; no apps to download, software to install

## Small to medium phone, network, and security systems

### PRO-RT Series UPSs

Versatile, feature-rich AVR UPS for rack, tower, or wall-mount installations. Includes LCD display, SNMP communications capability, and exceptional runtimes for rack-based installations. 3-year warranty w/ non-prorated battery coverage, 5-year extended plans available.

## Extended runtime and communications accessories for Endeavor LCD and EnterprisePlus

### XL Extended Runtime Modules

Add significant runtime to Endeavor LCD and EnterprisePlus LCD UPSs with 2U XL battery packs. Individual chargers for fast recharges. 3-year warranty, 5-year extended plans available.

model	Applications
BP24RTL.....	ED1000RTL2U, ED1000RMT2U
BP36RTL.....	E750RTL2U, E1000RTL2U, E1500RTL2U, E1500RTXL2U
BP48RTL.....	ED1500RTL2U, ED1500RMT2U, ED2000RTL2U, ED2000RMT2U
BP72RTL.....	E2000RTL2U, E3000RTL2U, E3000RTXL2U, ED3000RTL2U, ED3000RMT2U

### EXL Extended Runtime Modules

Add even greater runtime to Endeavor and EnterprisePlus UPSs with 3U EXL battery packs. 2.25 to 3.5 times more capacity than XL. 3-year warranty, 5-year extended plans available.

model	Applications
BP24RTEXL.....	ED1000RTL2U, ED1000RMT2U
BP36RTEXL.....	E750RTL2U, E1000RTL2U, E1500RTL2U, E1500RTXL2U
BP48RTEXL.....	ED1500RTL2U, ED1500RMT2U, ED2000RTL2U, ED2000RMT2U
BP72RTEXL.....	E2000RTL2U, E3000RTL2U, E3000RTXL2U, ED3000RTL2U, ED3000RMT2U

### SNMP Communications Cards

Add-on cards for Endeavor LCD, EnterprisePlus LCD, and PRO-RT allow communication, monitoring, and control via Simple Network Management Protocol (SNMP) through the network.

SNMP card  
SNMP-NET  
SNMP-NV6

### Extended Warranty Plans

In addition to 3-year warranties on most UPSs, add 2 years of coverage with Standard or Premier extended warranty plans to coincide with phone system service contracts.

- 2-years additional coverage
- Non-prorated battery coverage
- Free battery replacement at 4-years with Premier plans

ideal protection for every system & every budget
