

Never Miss a Beat: Ensure Business Continuity with Reliable Backup Power

In today's fast-paced world, downtime can cost your Small-to-Medium Business (SMB) more than just money—it can cost trust, productivity, and critical data. A reliable Uninterruptible Power Supply (UPS) system ensures your business stays up and running when power issues strike.

Why Your SMB Needs a UPS:

- ⚡ **Prevent Downtime** – Keep essential systems online during outages or power fluctuations.
- 💾 **Protect Critical Data** – Avoid data loss and corruption caused by sudden shutdowns.
- 🛡️ **Safeguard Equipment** – Shield sensitive electronics from damaging power surges.
- 📈 **Maximize Productivity** – Maintain workflow and employee efficiency without interruption.
- 🔧 **Enable Safe Shutdown** – Allow time for proper backup and system shutdown during extended outages.

Stay powered, stay productive—choose a UPS solution built for the needs of your growing business.

PRO-RT2U®

The PRO-RT2U Series is a value-priced, yet feature-rich UPS incorporating line-interactive technology that preserves battery power by providing voltage regulation during brownouts or voltage sags.

ENCOMPASS® RTX

Experience reliable power protection with our advanced online UPS series, designed for true double-conversion performance and extended runtime capability.
